Facade of Louisburg Improvement Program (FLIP)
January 1, 2022

Program Guidelines

The Facade of Louisburg Improvement Program (FLIP) is intended to stimulate improvements to the exterior of commercial buildings located within the Louisburg city limits.

Program funding is provided through the City and all activities relating to the funding of Facade projects will be report to the Louisburg City Council. As such, any documentation will be subject to the Kansas Open Records Act.

Purpose

FLIP provides financial assistance to commercial property owners and business owners located within the designated area for facade improvements. The purpose of FLIP is to continue the community's revitalization by stimulating private investments in quality improvements that enhance the appearance of buildings and properties and eliminate blight. Commercial properties in the historic downtown are encouraged to use the downtown design standards. For purposes of this program a façade shall be defined as the front of a building facing a city street.

FLIP Committee

FLIP applications will be reviewed and scored by the Miami County Economic Development Department's staff on the 15th and 30th day of each month. All award notifications and reimbursements will be processed by the City of Louisburg.

Eligibility

Maximum Award: The program provides for a one-time annual reimbursement grant of 40% of the project costs. However, the city's annual reimbursable amount shall not exceed \$2,500.

Eligible Applicants:

Eligible applicants own commercial properties or are business owners within the Louisburg city limits.

As part of a completed application, business owners who are leasing a building for which improvements are proposed must submit a letter from the property's owner giving consent to the proposed project plans.

Only businesses meeting the City's current codes and zoning regulations are eligible for funding through FLIP. The City reserves the right to deny funding to applicants who are delinquent on paying of fines or fees whether at the city, county or state level. An applicant is not eligible to make an improvement on any issue in which it has received a current code violation notice from the City.

Eligible Expenditures:

For purposes of this program, eligible expenditures include expenses related to those exterior improvements outlined in the program guidelines. The program excludes expenditures related to interior improvements, ordinary repair and maintenance, improvements required as a result of code violations, or other expenditures deemed ineligible by the City. Brick tucking is an eligible repair as well as any repairs that would keep a building from receiving a code violation.

For any work completed by a licensed contractor that contractor must be licensed through Miami County to legally operate in Louisburg. Bonus points will be given for businesses that use contractors with business operations in Miami County. When the work does not require a licensed contractor, the same bonus points are available if the material used is purchased from a Miami County source.

Applicants should contact the City for assistance with permitting. Permits may be required for some work; and permit fees are eligible as a reimbursable cost.

- Eligible improvements include exterior cosmetic and/or structural building improvements, signage, lighting, and landscaping on structures that are visible from the street in which the business faces.
 - Examples
 - Exterior painting or surface treatment
 - Brick tucking
 - Decorative awnings
 - Window and/or door replacements or modifications
 - Storefront enhancements
 - Signage
 - Outdoor patios and decks
 - Exterior wall lighting
 - Decorative building lighting and architectural features
 - Improvements should enhance the surrounding area and if in the historic district should complement the character of Downtown and follow the downtown design standards.
- Ineligible improvements include ordinary repair and maintenance, required improvements as a result of a violation notice or citation, site furnishings, amenities, non-permanent structures and moveable equipment.
 - Ordinary repair and maintenance is defined as “any work, the purpose and effect of which is to correct or prevent any deterioration or decay of, or damage to a structure, site or any part thereof, and to restore the structure or site, as nearly as may be practicable, to its condition prior to such deterioration, decay, or damage using materials which are of a design, color, and outer appearance as close to practicable to the original.”

Other eligibility requirements:

- For those businesses that have been operating two years or less, the applicant will agree to meet at least once with a representative from the Small Business Development Center for a free consultation.
- Applicants must provide a copy of the Tax Clearance Certificate. A free copy can be requested through the Kansas Department of Revenue using this link: <https://www.ksrevenue.org/taxclearance.html>
- Any improvements submitted for FLIP consideration should not be undertaken prior to the application's approval. No improvements will be funded retroactively.

Application Review Documentation

All completed applications must be accompanied, but not limited to:

1. Verification of property ownership (Miami County Parcel #, deed, etc) or a letter from the property owner giving consent to perform the improvements.
2. Name and contact information of contractor.
3. Scope of work, timeline for project completion, and total estimate of project budget. All construction bids must be dated no earlier than 60 days prior to the application request. Bids should include the contractor's name, address, phone number and itemized bid. Project must be completed within 90 days of funding being approved.
4. Color photos showing the existing building (front and all side elevations).
5. A completed W9 form.
6. Kansas Tax Clearance Certificate

Application Deadline

Applications will be accepted starting Jan. 1, 2022, and will be considered while funding is available per the amount budgeted by City Council on a first-come, first-served basis until grant funding is depleted. Applications are reviewed on the 15th and 30th day of the month and applicants will be notified if they qualify for a grant within 15 business days. Completed applications must be delivered to: Janet McRae, Miami County Economic Development, 201 S. Pearl, Suite 202, Paola, KS 66071.

Process

1. The FLIP applications are available at City Hall and on the City's website www.louisburgkansas.gov.
2. Although it is not a requirement, it is recommended that you consult with an architect regarding any structural or major facade renovation activities. Architectural plans, elevations, and/or perspective drawings and sketches illustrating the alterations including color samples (except painting) **must be submitted** with your application.
3. Applicants will generally be notified in writing within 15 business days whether the FLIP is awarded or not.
4. Upon approval, the grant dollars will be set aside for reimbursement purposes. Reimbursement for the expenses will be made within 30 days of their submittal.

5. Grant monies will be distributed in a single lump sum payment to the applicant upon completion of the following activities:
 - a. Any and all changes, **not prior approved**, from the original application must be approved by the City. Approved changes in work specifications must be attached to the original dated application. Any unapproved deviations from the original work specified in the application will disqualify the applicant.
 - b. Invoices and receipts will be reviewed by the City to ensure compliance with the original application. A City staff member will make an inspection of the completed project to verify the work has been performed as outlined by the application and any subsequent approved revisions.
 - c. All projects must be completed within 90 days of approval of the grant. A business may be allowed one 90-day extension with prior approval.
6. Self-contracted work will be reimbursed for actual legitimate expenses, excluding labor and must be pre-approved by city staff.
